

CONNECTING BRACE CHIN UP HANDLE

SPECIFICATION SHEET

PRODUCT OVERVIEW:

Utilize the space between your squat racks the most with the Power Lift Connecting Brace Chin Up Handle. The Connecting Brace Chin Up Handle is a great addition for any room looking to add more chin-up bars, or tie offs for suspension trainers.

KEY FEATURES:

- Connecting brace between uprights on Power Rack provides for additional training space within facility by creating additional locations to perform pull-ups
- Connecting braces also serve as an ideal location to anchor supplemental training equipment including: suspension trainers, rings, etc.
- Mounts to uprights using 4 bolt plate mounts
- Unique tube-in-tube connection to rack allows adjustability so that racks can be centered within floor space

PART NUMBER:

11179B-**
