

POWERFUL IDEAS FOR POWERFUL RESULTS

HIGH PULLEY WITH SEAT

Power Lift's High Pulley w/seat is available as a free standing or wall/rack mounted version. An adjustable thigh roller pad holds the user in place for the seated lat pull movement and the 300 lb weight stack with a 1:1 resistance ratio provides ample resistance.

KEY FEATURES:

- 3/16" jacketed to 1/4" Military Grade cables are used on all equipment
- 1" solid chrome guide rods
- 7/16" diameter weight selector pin locks in place and is connected to weight stack to prevent loss
- Rubber bumpers under each weight stack to reduce vibration
- 4 1/2" pulleys
- Fully machined steel weight stacks with powder coat finish
- 300 lb. weight stacks with 10 lb. increments and 5 lb. rubber split weight
- Top weight plate with Free Floating Bushings for smooth operation
- Steel weight stack guards
- Adjustable thigh pads to accommodate users of different sizes
- All components are mig .035 welded in jig fixtures ensuring consistent fabrication
- All tubes have welded end caps
- Frames finished with high quality powder coat paint system
- Lat pull down bar included
- All design work aided with 3D Solid Modeling computer technology

Overall Dimensions:

57 3/16" (D) x 63 11/16" (W) x 96" (H)
710 lbs. (Approximate Weight)

Warranty:

Lifetime conditional warranty on frame components. Five years on rotary bearings, guide rods, pulleys and weight plates. One year on belts, cables and grips. Ninety days on upholstery and items not specified.
