

POWER LIFT®

POWERFUL IDEAS FOR POWERFUL RESULTS

DUAL STACK FUNCTIONAL TRAINER

Power Lift's Dual Stack Functional Training Unit is an ideal equipment piece for every strength and fitness facility. The DSFT features 2-200 lb weight stacks with a 2:1 resistance ratio, providing ample resistance for core movements. The handles can be set at one of sixteen positions and can be rotated 270 degrees. Each unit features our rotating chin handle, steel weight stack guards, accessory storage, and two nylon handles.

KEY FEATURES:

- Dual adjustable cable columns
- Accessory handle storage
- Rotating chin handles
- Steel weight stack shields
- 2 x 200 lb. weight stacks with a 2:1 resistance ratio (additional weight can be added in 100 lb increments)

Overall Dimensions:

38" (D) x 74 7/8" (W) x 96" (H)

Warranty:

Lifetime conditional warranty on frame components. Five years on rotary bearings, guide rods, pulleys and weight plates. One year on belts, cables and grips. Ninety days on upholstery and items not specified.
