

POWERFUL IDEAS FOR POWERFUL RESULTS

## ADJUSTABLE WOOD PLYO BOXES

Power Lift's Adjustable Plyo Boxes are an efficient, space-saving take on the traditional plyo box. Each box can adjust to six height settings in 3" increments. An angled top ensures that toes aren't caught during workouts, and a shock absorption surface helps negate any impact. Handles on both sides of the box make them easy to move around a facility.

### KEY FEATURES:

- Available in 3 sizes: Small - 21.5" to 31.5", Standard - 31" to 45" and X-Large - 36" to 60"
- Each box adjusts in six positions
- Commercial grade surface
- Made using premium solid red oak
- Custom logos available
